

Seven Reasons Why You Should Purchase Your Eye Wear from the Eye Center of the Dakotas

1. A Large Selection of Frames in a Wide Range of Prices

We offer package-priced eye wear for kids and adults. Ask our technicians for details on our "Valuepack".

2. One Year Unconditional Breakage Warranty

If your frame breaks for any reason, just return the broken parts and your frame will be repaired or replaced *free!*

3. 15-Day Exchange Privilege

After getting your new eye wear, if you decide you don't like the frame, you can exchange it for another frame within 15 days. A small lab regrinding fee will be charged. This fee varies with the type of lens.

4. One Year Warranty on Scratch-Coated Lenses

Our factory-applied coating makes plastic lenses very tough. If your lenses should scratch for any reason within the first year, our laboratory will replace your lenses free (one replacement pair only).

5. 90-Day Progressive Lens Warranty (No Line Bifocal)

If you cannot adapt to your new progressive lenses, we will remake them into a standard bifocal or trifocal at no charge anytime within 90 days after receiving your eye wear. (Differences in lens price are not refunded.)

6. Rush Service Available

Our laboratory can provide the fast service you may need in the event of an emergency. Please notify our technicians if you require rush service.

7. *Complete Satisfaction ... Guaranteed!*

Our doctor is available to review your prescription if you have difficulties (at no charge within the first 90 days). If we cannot provide you with complete satisfaction, we will refund your eye wear, in full, up to 90 days after your order.

We Want You to Love Your Glasses!

Thank you for selecting Eye Center of the Dakotas for your eyecare needs.
